6.5A(max) Smart Charger | 4-Port USB | Fast-Charging | 12 - 24V Flash-display Warning

# In-Car Multifunction Smart USB Power Charger

6.5 Ampere USB charger

## CarBase

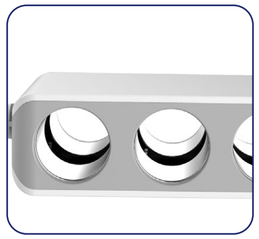
CarBase is an in-car multifunction smart power charger which features 4-port USB with a total of 6.5 Ampere power output to fast charge multiple devices simultaneously. Designed to fetch direct power from the car by connecting to its socket, CarBase replaces the used car socket and added two more for charging use. This device also features an easy On/Off switch control with LED indicator for on spot and more precise charging. It also has a built-in safety fuse for a more controlled and stable charging output for mobile and tablet devices. Compatible with most USB charged devices.

### Features:

- Smart IC for auto-voltage detection
- 4-port USB for simultaneous charging
- 3-port full function car socket
- 6.5A high capacity ampere for fast charging
- Easy On/Off switch control with LED indicator
- Voltage warning flash-display under 12V
- 1 meter car charging cable
- Car charger rubber grip for stable charging contact
- Stain-resistant treatment surface finish
- Overvoltage and overcurrent safety protection
- Two 3M double-sided adhesive sticker fix

### Specifications:

- Input: DC 12~24V
- USB output: 5V, 6.5A (total)
- USB output breakdown: 2.4A, 2.1A, 1A x2
- Socket output: DC 12~24V
- Power: 120W (max)
- Safety fuse: 10A



1 Year Warranty
